SUMMARY

UX/UI Designer and Front-End Developer with a background in visual communication, hospitality, and digital design. I create intuitive, accessible digital experiences by combining customer empathy, structured problem-solving, and visual thinking. I design responsive interfaces using HTML, CSS, JavaScript, and Figma, with a strong focus on usability, accessibility, and clear information architecture. I enjoy translating user needs and business goals into clear, functional, and engaging interfaces while continuing to grow as a designer and front-end developer.
